

Clean Air in Any Room

P900

Air Purification Unit

All the benefits of the Sanuvoy patented whole home system in a portable UV air purifier weighting only 11 lbs.

The P900 is a stand alone, sturdy all metal constructed unit designed for the reduction of airborne contaminants. This unit is designed for up to 900 sq.ft. and can also be mounted on a wall.

The unit pulls air into an aluminum chamber across a 'J' shaped dual wavelength UV lamp for air and odor disinfection.

The P900 is the perfect unit to travel with or for spot treating troublesome areas within a home, boat, RV or apartment.
